Local Control Funding Formula

This slide shows images that illustrate how the Local Control Funding Formula works. LCFF provides the same amount of funding per student with two adjustments (1) grade level and (2) demographics.

FOCUS PLANNING ON MEASURING:

- SCHOOL ATTENDANCE RATES INCLUDING CHRONIC ABSENTEEISM

- PARENT INVOLVEMENT IN DECISION MAKING AND THE DEGREE TO WHICH YOU PROMOTE THE PARTICIPATION OF PARENTS
- THE DEGREE TO WHICH STUDENTS FEEL SAFE AND CONNECTED TO SCHOOL

Speaking up for every child...

What happens when you participate in the process but don't get any traction? When you don't feel the parent voice is being heard?

Continue to have conversations.

Bring others to ask the same questions – there is power in numbers.

Focus on what you are trying to accomplish and not on the exact way you think it should be done. Is there an alternate solution? Is there a compromise?

Start at the beginning and persist. Did you talk to the principal? School Site Council president/members? Teachers at the school site? District Administrator? Superintendent? School Board?

Remember this is not a sprint but a marathon:
LCFF is the new way schools receive funds

Plan to get involved and stay involved.

**Your voice matters –
join the conversation!**
